

Hawaii Tele-Claim Instructions

Welcome to Hawaii Tele-Claim. This service is a computer-based interactive voice response system. The system offers two claim filing services using different phone numbers. You can access the following services by calling a designated number:

- To file an application for a new claim, an additional claim, or reopen an existing claim; or

 - Obtain information about your claim and the status of the last 4 weeks you filed for.

 - Change your name, mailing address, and/or telephone number.

Attention: If you are not calling from the United States, Canada, Puerto Rico, or the Virgin Islands, your call to Hawaii Tele-Claim cannot be completed, as claims are not allowed from countries with which we have no reciprocal claim filing agreements.

Calls to Hawaii Tele-Claim may not

___ be connected if you are using a cellular phone in the State of Hawaii with an out-of-state phone number or if you are outside the State of Hawaii and using a cellular phone with a Hawaii number. If this situation occurs, use a landline to place your call.

Hawaii Intrastate Claimant filing from Out-of-State

If you were filing your claim certifications in Hawaii but are calling from out-of-state to file a weekly or bi-weekly claim because you are temporarily out-of-state or plan to relocate, you can file your weekly or bi-weekly claim certification via telephone. Call toll-free **1-877-215-5791**. However, after your claim certification is filed, you must stay on the line to be transferred to a customer service representative to clarify your status and change to an interstate claim if necessary.

Liable Interstate Claimant filing from within Hawaii

If you were filing from another State, the District of Columbia, Canada, Puerto Rico, or the Virgin Islands, and you are now in Hawaii and wish to file your claim certifications, you can call **643-2222**. However, after your claim certification is filed, you must stay on the line to be transferred to a customer service representative to clarify your status and to change to an intrastate claim if necessary.

Your Personal Identification Number (PIN)

To use the telephone service, you need your Social Security Number (SSN) and your Personal Identification Number (PIN).

Your PIN is a 4-digit number that is used with your SSN to identify you when you use the telephone service. It protects you from having someone else file your claim. Do not disclose it to anyone.

Your local office will issue you a temporary PIN when you file a new, additional, or reopen claim. If you do not have a PIN, please call your local claims office.

When you access the telephone service, you will be asked to enter your SSN and your PIN. If you are using a temporary PIN, the telephone service will automatically route you to a process to change your temporary PIN to a confidential PIN of your own choosing. To create your own PIN, enter a 4-digit number that you can remember but which cannot be easily guessed.

If you think someone else knows your PIN, call Hawaii Tele-Claim and select the option to change your PIN. (Note: PIN changes can be made only from 6:30 a.m. to 6:00 p.m.)

If you have forgotten your PIN, you can still use Hawaii Tele-Claim. After you enter your SSN and are asked to enter your PIN, press the pound (#) key. You will then be transferred to a customer service representative for assistance.

Preparing for the Call

You should know the weekending date of the week or weeks that you will be claiming for. Refer to the weekending dates printed on the three-part claim certification form that is mailed to you whenever you file a claim certification. If you are a bi-weekly filer, be sure to file for both weeks.

If you are current with your claim filing, Hawaii Tele-Claim will speak the weekending date of the week you should be filing for and ask if you wish to file for that week. Generally, you should press 1 (Yes) to accept the weekending date being offered. If you press 9 (No), you will be asked to enter a date using six digits. If you are unable to correctly enter a valid date, remain on the line so you can be transferred to a customer service representative for assistance, or call your local claims office for assistance.

If you filed a new, additional, or reopen claim, the customer service representative should have advised you of the weekending date(s) you should file for. If you are not sure of the weeks that you should be filing for, contact your local claims office for assistance.

You must always file timely claim certifications even if you are still waiting for the local office to make an eligibility decision. Benefits may be denied if claim certifications are filed late.

If you are filing a weekly or bi-weekly claim, you must have the following information to complete your claim certification:

- 1) If you worked during the week, the total number of hours that you worked for all employers including National Guard/military drill, self-employment, and any part-time or full-time job.
- 2) Your gross earnings (before any deductions, whether you were paid or not) for each employer you worked for during the week that you are claiming, including weekend drill or training for National Guard or military reserves, and any part-time or full-time job. Be sure to include remuneration for services from any source, including commissions and bonuses, tips or gratuities, and the cash value of all remuneration in any medium other than cash such as board or lodging.
- 3) The start date if you started working for a new employer during the week that you are claiming.
- 4) The amount of deductible income (such as residual pay, commissions, and back pay) you received during the week(s) you are claiming. Include any holiday or vacation pay even though you have not yet been paid.

Note: If you work part-time for the State Department of Education in different positions (tutor, A+ program, etc.) and/or for different schools, the telephone service will ask you only once if you work for the State Department of Education. You must therefore add up your earnings for all the work that you did in all positions and/or all schools during the week and enter the total amount when you are asked to enter your gross earnings for the week you are claiming.

- 5) If you were self-employed during the week, the total number of self-employment hours you worked during the week.
- 6) If you have a Total or Part-total claim, the number of job contacts you made during each week that you are filing for.

- 7) If you were advised to register for work with the Workforce Development Division and to furnish your occupational code when you file your claim certification, enter your 9-digit occupational code if asked to do so. If you do not have the above information, you will need to obtain the necessary information and call back to file your claim certification(s).

- Did you perform any work during the week such as self-employment, weekend drill or active duty for the National Guard or Reserves, or a part-time or full-time job? (If you answer that you did work, you will then be asked to enter the total number of hours that you worked during the week, and the gross wages for National Guard/Reserves, and/or any new employment. You will also need to answer questions relating to self-employment, if any.)
- Did you receive residual pay, commissions, or other deductible income such as back pay, holiday pay or vacation pay?
- Did you refuse any work or referral to work?
- Were you physically able to work?
- Were you available for work?
- Did you look for work? (You will not be asked this question if you are a partial claimant.)
- How many employers did you contact for work during the week? (You will not be asked this question if you are a partial claimant.)
- Did you maintain a record of job contacts made during the week? (You will not be asked this question if you are a partial claimant.)
- If you are still employed by one or more regular or part-time employers (a Partial or Part-total claimant), you will also be asked for the following information regarding each of those employers:
 - Did you work for [your employer's name will be spoken here] during the week ending [week you are filing for]?

 - Did you accept all work or was no work offered by [your employer's name will be spoken here] during the week?
 - Were you still employed by [name of your employer] as of [the week ending date you are filing for]?
 - If you are separated from the employer, you will be asked to enter the reason for your separation. If you were laid off due to a lack of work, press 1. If you quit, press 2. If you were discharged, press 3. If you were suspended, press 4. Otherwise, press 5.

After you have answered all of the questions necessary to file your claim, your responses will be replayed and spoken by the telephone filing system and you will be asked to confirm whether your responses are correct. If you agree that your responses are correct, press 1. If you wish to hear your answers again, press 2. If you wish to change any of your answers, press 3, but note that you will need to re-enter all of your responses again.

If you agree that your responses are correct and you press 1 (Yes), you will then be asked to file for the week. Press 1 again to file your claim. Be sure you hear the words "*Your claim for [week ending date] has been filed*" to confirm that your claim was filed. Remain on the line until you hear the words "Good bye."

<p>Caution: If you do not hear that your claim has been filed, no claim has been filed and you will need to call again to file your claim.</p>

If you are filing for a bi-weekly period and have completed filing for the first week, press 1 (Yes) when you are asked if you wish to file for another week so you can file for the second week.
