Signature of Authorized Representative within your company

Date

Print Name & Title of Authorized Representative within your company

Please review the following carefully:

A review team will conduct an evaluation of the organization's quality system. The organization must demonstrate sufficient implementation of the quality system to provide evidence of the organization's knowledge of welding and other repair activities performed that are appropriate for the requested scope of work.

Team members are prohibited from discussing the organization's proprietary information as well as the information contained in their report at any time. Information obtained by the team or the staff will be held in strict confidence.

A renewal application shall be made four (4) months prior to the expiration date on the certificate. The quality control manual must be submitted to this office one (1) month prior to a mutually agreed upon date for the shop/program review. A quality control program review must be conducted 30 days prior to the expiration date. A triennial certificate of authorization will be issued upon successful completion of the shop/ program review.
