

Safe + Sound Week — August 15th to 21st, 2022

Safe + Sound Week is a nationwide event held each August that recognizes the successes of workplace health and safety programs and offers information and ideas on how to keep America's workers safe.

Who?

All organizations looking for an opportunity to recognize their commitment to safety are welcome to participate. Last year, more than 5,300 businesses helped to raise awareness about workers' health and safety!

Why?

Successful safety and health programs can proactively identify and manage workplace hazards before they cause injury or illness, improving sustainability and the bottom line. Participate in Safe + Sound Week can help get your program started, energize and existing one, or a chance to recognize your safety successes.
