Petitioner.)	Order No. <u>253</u>

ORDER REOPENING HEARING AND
NOTICE OF HEARING DATE

On April 19, 1979, the above-referenced case was submitted to the Board for decision. A full review of the present record indicates the necessity of reopening the case to take additional evidence.

A primary purpose of reopening the hearing is to provide counsel with a further opportunity to introduce additional exhibits into evidence. The hearing will also focus on the issues of whether the per capita payments are justifiable service fee charges and whether the proposed service fee is reasonable in light of the surplus in the proposed budget. The Board may also make additional inquiries into other areas in which the present record in this case is deficient.

In view of the foregoing, a reopening of this case is ordered to commence at 9:00 a.m., Monday, May 21, 1979, in the Board's hearings room, second floor, 550 Halekauwila Street.
