

**OFFICE OF COMMUNITY SERVICES (OCS)  
DEPARTMENT OF LABOR AND INDUSTRIAL RELATIONS  
STATE OF HAWAII**

**CAPITAL IMPROVEMENT PROJECT (CIP)  
GRANT-IN-AID GUIDELINES**

The Legislature makes appropriations for grants in accordance of the Hawaii Revised Statutes (HRS), Chapter 42F. Grants are made to support the activities of the recipient and benefit the community. There are two types of grants made by the Legislature: Operating and Capital Improvement Project (CIP) grants.

Once a CIP grant is approved by the Legislature, the Executive Branch is responsible for executing the grant.

This document provides information about the process that the Office of Community Services uses to administer CIP grants. It is provided as a guide to grantees to understand the requirements of being awarded state funds under the law as well as the process involved to obtain and expend these funds.

**Key items:**

1. In accordance with Hawaii Revised Statutes §42F-104, a contract needs to be executed to administer the grant funds.
2. Funds must be released and contracted before it lapses. Any unencumbered funds shall lapse at the end of the fiscal biennium for which the appropriation is made. For more detail, please call 586-8686.
3. All grants are contracted on a cost-reimbursement basis. Grantees must first expend funds then seek reimbursement from OCS with documentation (e.g., receipts, invoices). Expenses must be incurred during the period of performance of the contract.
4. Periodic program and fiscal reports are required for payments to be processed.
5. Equipment purchased using grant funds becomes the property of the State.
6. If funds are used for the acquisition of land, when the organization discontinues the services on the land acquired for which the fund was awarded, the organization shall repay the State for the funds used for the land acquisition. This restriction must be registered with the Bureau of Conveyances as an encumbrance on the property.
7. If the Grantee has multiple sources of funding, the state funds shall be utilized last.

The three (3) stages for CIP grant administration are:

1. Release of Funds
2. Contract Process
3. Contract Administration

Sample documents and forms are available online at: <http://labor.hawaii.gov/ocs/service-programs-index/gia/>

# 1 RELEASE OF FUNDS

The first stage is to *secure the Governor's approval to release the CIP funds* so that a contract can be executed. While the budget approved by the Legislature includes a list of GIAs, the Governor's approval is needed to release the funds for expenditures. The funds are subject to the Governor's Budget Execution Policies and Instructions. The figure and narrative below explain the steps for this stage:

Step 1. The Governor must 1<sup>st</sup> sign the Budget Bill that was passed by the Legislature, which includes authorization of GIAs. The release of funds is subject to the availability of funding and budget execution policies issued by the Department of Budget and Finance. Certain restrictions may apply.

Step 2. OCS contacts each of the Grantees to request the following documents to be submitted as part of the package to request release of funds:

- Documents to verify that the Grantee meets the **“Standards for the Award of Grants”** in accordance with HRS §42F-103.
  1. Is licensed or accredited, in accordance with federal, state, or county statutes, rules, or ordinances, to conduct the activities or provide the services for which the grant is awarded (*e.g., Certificate of Good Standing*);
  2. Complies with all applicable federal and state laws prohibiting discrimination against any person on the basis of race, color, national origin, religion, creed, sex, age, sexual orientation, or disability (*e.g., policy statement*);
  3. Agrees not to use state funds for entertainment or lobbying activities (*e.g., policy statement*);
  4. Allows the state agency to which funds for the grant were appropriated for expenditure, legislative committees and their staff, and the auditor full access to your records, reports, files, and other related documents and information for purposes of monitoring, measuring the effectiveness, and ensuring the proper expenditure of the grant (*e.g., records retention policy-- records must be maintained for at least 3 years after closing of contract*);
  5. Is incorporated under the laws of the State (*e.g., Certificate of Good Standing or Articles of Incorporation*);

6. Has bylaws or policies that describe the manner in which the activities or services for which the grant is awarded shall be conducted or provided (*e.g., policy statement*); and
  7. For non-profit organizations:
    - a. Is determined and designated to be a non-profit organization by the Internal Revenue Service (*e.g., a copy of your organization's IRS determination letter*); and
    - b. Has a governing board whose members have no material conflict of interest and serve without compensation (*e.g., policy statement*).
- Scope of work together with total project cost, project timeline, and revised budget if applicable.
  - List and status of other sources of funds for the project, if applicable (CIP GIA Funding Sources Declaration - Attachment A).

Upon receipt of the documents, OCS works with the Attorney General to verify that the Grantee meets the standards. OCS reviews the documents and works with the Grantee to complete the Budget & Finance Form F (Attachment B) and Form PAB (Attachment C) and compiles a final request for release of funds package for processing.

Step 3. Once the release of funds has been approved by the Governor, his office will issue a notice to the grantee.

## 2 CONTRACTING PROCESS

Once the funds have been released, OCS works with the Grantee to *execute a contract to expend the funds*, in accordance with HRS §42F-104. All contracts are subject to the availability of funds. The contracting process can take approximately one (1) month.

Step 1. To begin contracting, the Grantee needs to provide to OCS the following documents [Note: The Grantee's name needs to consistently reflect the name specified on the grant application submitted to the Legislature on all documents.]:

- Certificate of liability insurance from the Grantee's insurance agency providing as follows:
  - (a) The Grantee shall maintain in full force and effect during the life of this contract, liability and property damage insurance to protect the Grantee and his subcontractors, if any, from claims for damages for personal injury, accidental death and property damage which may arise from operations under this contract, whether such operations be by himself or by a subcontractor or anyone directly or indirectly employed by either of them. If any subcontractor is involved in the performance of the contract, the insurance policy or policies shall name the subcontractor as additional insured.
    - a. As an alternative to the Grantee providing insurance to cover operations performed by a subcontractor and naming the subcontractor as additional insured, the Grantee may require subcontractor to provide its own insurance which meets the requirements herein. It is understood that a subcontractor's insurance policy or policies are in addition to the Grantee's own policy or policies.
  - (b) the following minimum insurance coverage(s) and limit(s) shall be provided by the Grantee, including its subcontractor(s) where appropriate:
    - a. Commercial General Liability - \$2,000,000 per occurrence
    - b. Professional Liability - \$2,000,000 per occurrence
    - c. Builder's Risk Policy - \$20,000

- (c) Each insurance policy required by this contract shall contain the following clauses:
  - a. “This insurance shall not be canceled, limited in scope of coverage or non-renewed until after thirty (30) days written notice has been given to the State of Hawaii, Department of Accounting and General Services, State Procurement Office, P.O. Box 119, Honolulu, HI 96810-0119.”
  - b. “It is agreed that any insurance maintained by the State of Hawaii will apply in excess of, and not contribute with, insurance provided by this policy.”
- (d) additionally insuring the State of Hawaii and the Office of Community Services, their officers, employees, and agents for any liability arising out of resulting from occurrences connected with the Grantee’s performance under the contract;
- (e) failure of the Grantee to provide and keep in force such insurance shall be regarded as material default under this contract, entitling the State to exercise any or all of the remedies provided in this contract for a default of the Grantee.
- (f) the period of coverage of the liability insurance shall cover the entire period of the contract, unless the State grants a waiver; and
- (g) the contract identification number shall be identified on the certificate
- Certificate of Vendor Compliance from Hawaii Compliance Express; or compliance documents from the following agencies:
  - a. Hawaii Department of Taxation
  - b. Internal Revenue Service
  - c. Hawaii Department of Commerce and Consumer Affairs
  - d. Hawaii Department of Labor & Industrial Relations
- A copy of the document showing the duly designated person who has the authority to sign contract on behalf of the Grantee.
- The Grantee’s State and Federal Tax identification numbers.
- A copy of the Grantee’s letterhead or invoice showing its mailing address.

Step 2. OCS will then prepare draft contract documents with the Grantee. Once the draft contract package is compiled, it will be routed for approval by the AG. Upon approval, OCS sends two (2) copies of the contract documents to the Grantee for signature.

Step 3. The Grantee’s duly designated person signs both copies of the contract and has them notarized, then returns the signed contracts to OCS. The OCS Executive Director, AG, and DLIR Director will then sign the contract. Once executed, OCS returns an original to the Grantee for file.

The contract is considered executed when signed by the DLIR Director.

### 3 CONTRACT ADMINISTRATION

Once the contract is executed, OCS begins contract administration to expend funds according to the contract.

- Step 1. OCS sends a copy of the executed contract and required encumbrance forms to DAGS to encumber the contract (i.e., set aside the funds committed by the contract) so that expenditures may begin. This process takes up to one (1) month.
- Step 2. In order to expend grant funds, the Grantee completes and submits periodic quarterly fiscal and program reports. Forms are provided by OCS (Forms 300, 310, and the Program Activity Status Report – Attachment D - F). OCS reserves the right to modify these forms or substitute new forms during the course of the grant period. Please note the following:
- If the Grantee has multiple sources of funding for the project, the State of Hawaii shall be utilized as the last source of funding. The Grantee shall submit a written statement certifying that all other funding sources have been exhausted and is requesting reimbursement utilizing State funds (Request for Approval to Expend State CIP GIA – Attachment G).
  - Due Date: Reports (fiscal and program) are due on or before the 30<sup>th</sup> day of the calendar month following the quarter for which the request is made (e.g., By December 30 for expenses incurred in September - November). Reports are due even if activity has not taken place during the reporting period. If no activity has taken place, the report should (a) request \$0 reimbursement, (b) explain why no activity has taken place, and (c) explain what the Grantee is doing to complete the work specified in the contract.
  - Forms may be submitted to the assigned OCS representative **electronically** by email and should be accompanied by pdf copies of the supporting documentation for processing as follows:
    - OCS Form 300 – pdf format
    - OCS Form 310 – pdf format and Excel format
    - Program Activity Status Report – pdf format
  - All requests for payment must accompanied by **accurate copies of supporting documentation of expenditures (i.e., receipts, invoices)**. The Grantee shall retain all original documentation for its tax, audit, and other purposes. OCS cannot approve requests for payments without proper documentation.

- Prohibition on Deficiency Spending. There shall be no expenditure of funds in excess of amounts appropriated and allotted, nor shall agencies establish positions in excess of the numbers authorized in the budget and allotted, unless otherwise provided by specific legislation and the budget execution policies of the Executive Branch.
- The program progress report shall provide narrative justification of the expenditures and financial obligations.
- The State will hold 10% retention of the funds until the Project is completed and required certificates are submitted to the State.
- The Grantee must comply with the procurement requirements of HRS Chapter 103D. In general, HRS Chapter 103D requires competitive bidding in an open and transparent process, and it obligates the construction contractor to comply with relevant labor and other laws. The Grantee shall request and review a minimum of three (3) written bids and award contract(s) to contractor(s) that are most advantageous to the Grantee for the purpose of these funds.

Step 3. After reviewing and approving the report, OCS processes the request for payment. Payments are made by check and can take up to one (1) month to process.

Option Contract Extension. A grant contract may be extended twice for up to 12 months each beyond the initial expiration date, at the sole discretion of OCS, provided that:

- (a) the original contract provides for extensions;
- (b) the extension is made before the original expiration date or the expiration date of any prior extension;
- (c) there is good cause to extend the contract; and
- (d) the Grantee is continuing to perform its duties under the contract.

Step 4. Contract Closing. When the grant contract between a Grantee and State is completed, the Grantee shall submit to OCS the following documentation in order to process the **final payment within 60 days after the end of the contract:**

- Certificate of Grantee's liability insurance with State as additional insured;
- Certificate of Vendor Compliance from Hawaii Compliance Express; or compliance documents from the following agencies:
  - a. Hawaii Department of Taxation
  - b. Internal Revenue Services
  - c. Hawaii Department of Commerce and Consumer Affairs
  - d. Hawaii Department of Labor & Industrial Relations
- A final program report within 60 days after the end of the contract;
- Certificate of Completion;
- Certificate of Acceptance of Facility;
- Expiration of all Architect's and General Contractor's lien period; and
- Pictures of completed project
