Youth Services Committee

Since the last EC meeting the Youth Committee met twice (October 15, November 6).

Meeting, October 15. Committee members, Stacy Ferreira, Strategy Consultant and Josiah Akau, Executive Director, Kinai 'Eha, gave a presentation on ***Act 271, Trauma-Informed Assessment for Early Intervention: Department of Education Task Force and Pilot Project.***

- Act 271 (Senate Bill No. 388, 30th Legislature, 2019) passed on July 12, 2019.
- *Act 271 requires the Hawaii State Department of Education (DOE) to establish a task force to create a system for evaluating and assessing all children and those who are exhibiting emergent or persistent behaviors, academic challenges, or chronic absenteeism and are in need of appropriate supports and interventions accessible within the continuum of a multi-tiered system of supports.*
- **Purpose of the Presentation.** To educate committee members on Act 271 and the value of a WIOA Youth Program partnership with DOE task force to achieve the intent of the Act.

Rationale of WIOA Youth partnership with Act 271 DOE task force.

- *High school dropouts are more likely to experience incarceration and poverty, it is imperative that the department of education identify vulnerable students who are likely to drop out, assess their needs, and provide them with the services they need to succeed.*
- *Teens who drop out of school have a diminished ability to advocate for their own health and wellness.*
- *Children living in poverty who have one or more parents incarcerated, are the victims of abuse or neglect, or are homeless often experience a range of traumatic and toxic stress. This stress can harm the child's brain development and physical, social, mental, emotional, and behavioral health and well-being.*
- These and other barriers exist in out-of-school and in-school youth enrolled in WIOA.

Meeting, November 6. The committee convened to discuss and vote on the proposed Program Year 2019 (PY 19 – July 1, 2019 thru June 30, 2020) budget plan. Quorum was achieved with six members present. A BILL FOR AN ACT, RELATING TO EDUCATION, BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

SECTION 1. The legislature finds that children living in poverty who have one or more parents incarcerated, are the victims of abuse or neglect, or are homeless often experience a range of traumatic and toxic stress. This stress can harm the child's brain development and physical, social, mental, emotional, and behavioral health and well-being.

The legislature further finds that in 2013, the Healthcare Association of Hawaii conducted a comprehensive study on Kauai to, among other things, uncover the needs of vulnerable populations, many of which have individuals of native Hawaiian ancestry. The study revealed that teens who drop out of school have a diminished ability to advocate for their own health and wellness compared to their peers still enrolled in school. Compounding this problem is that in 2017, 14.2 per cent of the students in department of education schools dropped out, amounting to 25,546 students.

The legislature finds that since high school dropouts are more likely to experience incarceration and poverty, it is imperative that the department of education identify vulnerable students who are likely to drop out, assess their needs, and provide them with the services they need to succeed.

The purpose of this Act is to require the department of education to establish a task force to create a system for evaluating and assessing all children and those who are exhibiting emergent or persistent behaviors, academic challenges, or chronic absenteeism and are in need of appropriate supports and interventions accessible within the continuum of a multi-tiered system of supports.
