Large parts of the facility will close except for those associates required to maintain business continuity at the Company's site.

Employee separations in connection with this action occurred on August 28-31, 2020. The Company has conducted prior layoffs at this location which were separate and distinct actions from the current layoffs but we are including information regarding those actions in this notice for your information and in good faith. Enclosed is a listing of the job titles of positions affected, and the number of affected employees in each job classification. Employees will be separated in accordance with the enclosed schedule.

We apologize that we were unable to provide more advance notice of the action. The speed and vast reach of the physical calamity that is the coronavirus outbreak, as well as the different and new declaration of a state of emergency and directives at the federal, state and local level, including but not limited to: the recent phased opening of the different states, the subsequent orders at different levels that were issued and which have been abruptly changed or modified in light of new developments, the directives and unexpected extension of those for individuals to remain in place, with exception for essential needs, in certain jurisdictions, the directives for individuals to avoid congregating, limit travel and to work remotely was unforeseeable and caused, and will continue to cause, among other things, a drastic impact on the Company's business, including but not limited to the closure of properties, travel restrictions, customer cancellations, closing operations and uncertain future such that the Company does not have alternative work to offer to its affected employees. These new and recent business circumstances were not reasonably foreseeable as of the time that notices would have been required. After reviewing our staffing and business needs, we are providing this notice to you at the earliest possible time.

The affected employees do not have any bumping rights.
