SUBJECT: 2024 Lower Living Standard Income Level Guidelines

PURPOSE

The purpose of this bulletin is to provide the 2024 Lower Living Standard Income Level¹ (LLSIL) Guidelines.

BACKGROUND

The Workforce Innovation and Opportunity Act (WIOA) Section 3(36)(A) sets forth criteria for local areas to determine whether a person is a low-income individual and is eligible to participate in the WIOA Title I programs. The criteria include two sets of data: (1) the Poverty guidelines published by the U.S. Department of Health and Human Services (HHS) and (2) the LLSIL determined by the U.S. Department of Labor (USDOL).

Individuals whose annual income level is less than 70 percent of the LLSIL are eligible for WIOA Title I programs. Employed workers whose annual income level is less than 225 percent of the LLSIL are eligible for training services. The USDOL revises the LLSIL Guidelines annually to reflect cost of living increases. The USDOL's 2024 LLSIL was published in the Federal Register, Vol. 89, No. 74, on April 16, 2024. The HHS' update of the poverty guidelines was published in the Federal Register, Vol. 89, No. 11 on January 17, 2024.

¹ WIOA Section 3(36)(B) defines LLSIL as "that income level (adjusted for regional, metropolitan, urban and rural differences and family size) determined annually by the Secretary of Labor based on the most recent lower living family budget issued by the Secretary."

POLICY

WIOA Partners should use these updated guidelines for determining eligibility.

PROCEDURES

When determining an individual's WIOA eligibility based on low-income status as defined in WIOA Section 3(36)(A), service providers must use the higher of income guidelines issued by the Poverty Guidelines (see Attachment 1) or 70 percent of the LLSIL (see Attachment 2).

The Program Year 2024 chart for 225 percent of the LLSIL (see Attachment 2) is intended to determine eligibility for training of employed workers.

This bulletin replaces WIOA Bulletin No. 05-23 dated October 4, 2023.

EFFECTIVE DATE

This LLSIL policy and procedure are effective immediately.
