### WHAT IS S.I.P.?

- SIP is the new Statewide Internship Program via the DLIR WDD to recruit and assist any state agency looking to fill multiple job vacancies in their departments/divisions with a pool of qualified candidates.
- This opportunity allows employers to train and work with select interns to lead to gainful employment either with the host agency or in Hawaii's labor market.
- There is no personnel cost to the department/division.
- Supervision and mentoring of the intern is required.
- The SIP will offer each intern a duration of up to 12-weeks to complete their internship with the possibility of extension.
